The following presentation should be taken in conjunction with the most recent financial statements and notes thereto as well as the most recent Form 10-Q or 10-K filed with the SEC. This presentation may contain "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements involve known and unknown risks and uncertainties, many of which are beyond the Company's control, including adverse changes in economic, political and market conditions, losses from the Company's market-making and trading activities arising from counter-party failures and changes in market conditions, the possible loss of key personnel, the impact of increasing competition, the impact of changes in government regulation, the possibility of liabilities arising from violations of federal and state securities laws and the impact of changes in technology in the securities, foreign exchange and commodities dealing and trading industries. Although the Company believes that its forward-looking statements are based upon reasonable assumptions regarding its business, future market conditions, there can be no assurances that the Company's actual results will not differ materially from any results expressed or implied by the Company's forward-looking statements. The Company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Readers are cautioned that any forward-looking statements are not guarantees of future performance.

EBITDA, adjusted net income, adjusted earnings per share ("EPS") and adjusted return on equity ("ROE") are financial measures that are not recognized by U.S. GAAP, and should not be considered as an alternative to any other measures of performance derived in accordance with U.S. GAAP. The Company has included these non-GAAP financial measures because it believes that it permits investors to make more meaningful comparisons of performance between the periods presented. In addition, these non-GAAP measure are used by management in evaluating the Company's performance. The appendix to this presentation reflects the calculation of these measures presented.
